

SAVE OUR

MENTAL HEALTH AND ADDICTIONS SERVICES!

The Canadian Mental Health Association Thames Valley provides necessary and specialized mental health and addictions programs – but due to a severe funding shortfall from the Ford government, they are facing significant staffing and service cuts.

Without improved funding, vulnerable members of our community will be left on waitlists, without access to the life-saving care they need. Families and communities will be left picking up the pieces.

Tell the Ford government: FUND CMHA THAMES VALLEY NOW!

Send an email to:

Doug Ford, Premier, premier@ontario.ca

Sylvia Jones, MPP and Minister of Health, sylvia.jones@pc.ola.org

Michael Tibollo, Associate Minister of Mental Health and Addictions, michael.tiboloco@pc.ola.org

Together, let's fight for a well-funded CMHA Thames Valley.
